Review of Agenda

Announcements:
- No Announcements.

**Planning Status**

**Item:** Central Housing Update

**Discussion:** Amy Coburn gave an update to the Work Group on Central Campus Student Housing project. To date Lobo Development has participated in or held 98 public meetings. Each week planning session are held in the SUB, last week (9.16.2010) the discussion was on Recreation. The Central Campus has half the amount of recreation space recommended by NIRSA. The workshop reviewed the uses of Johnson Field, recreational space on the Central Campus and comparisons to peer institutions (enrollment peers).

**See Presentation:** [http://ldc.unm.edu/planning.php?Page=planning](http://ldc.unm.edu/planning.php?Page=planning)

The following challenges were posed to the workshop attendees for discussion:
- Tell us three things that are important about recreational spaces
- Three things that can be added to enhance pedestrian connections
• Where would the access point be for vehicular areas

Future planning sessions will discuss the following topics
• Sept 30 - Site Selection
• Oct 7 – Challenges & Opportunities for selected site(s)
• Oct 14 – Fall Break *No Planning Session*
• Oct 21 – Transition meeting to hand off to ACC

Concern was raised regarding discussion of Site Selection for the next planning session and what guidelines will be provided to the participants. It was agreed that building typologies, to establish context for site selection, would be sent to Kim Murphy &/or Amy Coburn for the participants to react to.

Actions: No Action.
